Matrix Absence Management Selects Kaplan Compliance Solutions for Licensing and Registration Services

INDIANAPOLIS -- (December 9, 2009) -- Matrix Absence Management, Inc., a national third party administrator of insured and self-insured workers' compensation, disability and leave of absence programs, has selected Kaplan Compliance Solutions (KCS) (<http://www.kaplancs.com>) to provide outsourced licensing and registration services. KCS will manage the licensing and registration for corporate third party administrator licenses for all of Matrix's insured and self-insured lines of business.

"We selected Kaplan Compliance Solutions for their technical expertise, which has remained impressive," says Ivars Zvirbulis, President and Chief Operating Officer of Matrix Absence Management, Inc.

KCS will also manage Matrix's claims adjuster licenses for all lines of business and will outsource licensing services to KCS that include:

- Record keeping of all Matrix licenses, with online access by Matrix.
- Tracking and renewals of Matrix business licenses, including foreign corporation registrations.

- Tracking and renewal of Matrix third party administrator, workers compensation and disability licenses.
- Tracking and renewal of Matrix workers' compensation adjuster and disability adjuster licenses.
- Tracking of continuing education requirements of adjuster licenses (both workers' compensation and disability licenses).
- Tracking of continuing education hours of licensed adjusters.

“Compliance is a serious issue and being out of compliance can lead to excessive fines and lost business,” said Lisa Hastings, Senior Vice President, Client Services at Kaplan Compliance Solutions. “We are glad to be a partner with Matrix to ensure the company’s licensing and registration requirements are taken care of in a timely, efficient and error-free way.”
